

## **Biography**

Dr. Alper Celik graduated from Ankara University School of Medicine in 1999 and started his training in the field of general surgery in 2000. Following the invitation of Professor Fumio Konishi, he worked as a clinical and research fellow at Saitama Medical Center of Jichi Medical University during 2007 in Japan. He also worked with Dr. Ricardo Cohen and Dr. Louis Berti in Brazil and Dr. Muffazal Lakdawala and Dr. Suren Ugale in India. What shaped his career in the field of Metabolic Surgery was the BPD (Biliopancreatic Diversion) technique training he received in Italy from Nicola Scopinaro. He set up Metabolic Surgery Clinic in 2011. He received Surgeon of Excellence in 2013 by Surgical Review Corporation. He is the founder and president of both Turkish Metabolic Surgery Foundation and Metabolic Surgery Association.
